

meows and purrs
up for adoption

June is

Adopt-a-Shelter-Cat Month

at the Mary S. Roberts Pet Adoption Center

We have lots of wonderful cats and kittens who are looking for a second chance in life for a new, loving, permanent home.

When you adopt from the Pet Adoption Center you get a cat that has been socialized every day by dedicated volunteers & staff and has been ...

- ♥ FeLV tested
- ♥ spayed or neutered
- ♥ vaccinated

- ♥ litter box trained
- ♥ microchipped

Each cat adoption includes a free veterinarian exam, and – for this month only – a giant Dr. Seuss Cat-in-the-Hat cat bed! **

The MSRPAC is a clean, state-of-the-art, no-kill shelter. All cats and kittens that enter our facility are here until they are adopted into new homes.

Come to the shelter to meet our current feline shelter residents and consider making one (or more!) of them the newest member of your family -- we have them in all colors, sizes, and personalities. Be prepared to fall in love!
